## Cure for Headache.

As a remedy for all forms of headache Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Large bottles only fifty cents at J. Jas. Wood's drug store.

## BRAVE LIFESAVERS.

Most Creditable Showing Made by Them During the Recent Storm.  
WASHINGTON, Oct. 13.—A dispatch from Point Aux Barques, at the mouth of Saginaw bay, Michigan, states that the schooner John Wesley of Port Huron with a cargo of lumber became waterlogged 10 miles from the lifesaving station. The crew of seven men were saved in the lifeboat.

The record made by the lifesaving service during the recent storm is most creditable, there having been not a single loss of life where the wrecks took place within the range of lifesaving stations.

The following is a list of the wrecks and the number of persons saved from each by the lifesavers as far as reported:

Norwegian bark Osgar, wrecked near Cape Fear, N. C., crew of 11 saved.

Schooner Lorena Reed, wrecked near Ocean City, N. J., crew of three saved.

Schooner Maria Louisa, wrecked at Highlands, N. J., crew of 10 saved.

Schooner Leonessa, wrecked near Narragansett Pier, crew of five saved.

Two scows, wrecked near Narragansett Pier, crew of five saved.

Schooner Laura Cox, wrecked near Cape Elizabeth, Me., crew of six saved.

Schooners Rosa and Adria, wrecked near Cape Elizabeth, Me., crew of six saved.

Schooner Columbian, perilous position near Fairport, O., crew of seven taken off in lifeboat at 10 o'clock at night.

Schooner John Wesley, waterlogged off Saginaw bay, crew of seven saved.

Three schooners, names unknown, off Jerry's Point, vessels and crew of 15 saved.

Total wrecks reported, 13; lives saved, 78; lives lost, none. Nearly all of the rescues were effected at night.

## THE VAN LEUVIAN FRAUDS.

Punishment to Be Meted Out to Those Implicated in Them.

WASHINGTON, Oct. 13.—Steps will be taken by the pension bureau to mete out punishment to the remaining members of the boards of pension examiners involved in the Van Leuvian frauds. Indictments against several of the board physicians have already been returned. It has been found that one of those involved in the frauds, Dr. Pegg, is dead, and prosecution of another has been dropped, owing to advanced age and probably ill-balanced mind. There were five boards involved in the corrupt methods and several members of these yet remain to be prosecuted, probably half a dozen. The action against them will probably be based on Sections 5501 and 5541.

The reports of Special Examiner Waite and his corps of assistants now at work at Dubuque will be forwarded to the department of justice with a recommendation for prosecution, and the department will call the attention of the district attorneys, who have jurisdiction in the cases, with the purpose of securing indictments. The Van Leuvian frauds are regarded at the bureau as among the most important that have been under investigation, though not involving as much perjury and forgery as the cases filed by Attorney Bown Moore of Buffalo, now serving a sentence. The number of cases filed by Van Leuvian probably reaches 700 or 800, and about one-third of these have been investigated.

Fifty per cent of them at least are believed to be fraudulent.

## THE CZAREWITCH'S MARRIAGE.

The Czar Desires It Consummated at Once in View of His Demise.

ST. PETERSBURG, Oct. 13.—Another report regarding the matrimonial prospects of the czarewitch is in circulation here. It is now stated the heir apparent to the throne of Russia will accompany the czar to Corfu, and from that island the czarewitch will proceed to Darmstadt, from which place he will return to Russia with his fiance, Princess Alix of Hesse, and the Grand Duke and Grand Duchess Sergius of Russia, her brother-in-law and sister.

It is added that the wedding will probably take place at the beginning of November, the supposition being that the ceremony is being hastened on account of the pressure brought to bear upon the czarewitch by his father, who is desirous, in view of his approaching death, of having the marriage take place as soon as possible, as in the event of his demise, the union of the czarewitch would be postponed for a year at least. It is officially announced here that dispatches have been received from Livadia, saying that the czar had visited Massaranda and stayed there an hour and a half. He returned to Livadia through Yalta. The weather was warm.

## NEGRO CATHOLICS PROTEST

Against the Un-American Treatment Their Race Receives in the South.

BALTIMORE, Oct. 13.—The national convention of St. Peter Claver Union (colored Catholics) has closed. This resolution was passed:

RESOLVED, That this congress respectfully request the president of the United States to specifically call the attention of congress to the un-American treatment practiced against the negro citizens of this country and to the inadequacy of state laws or the apathy in the enforcement of the same to give protection to the citizens guaranteed by the national constitution and that full and accurate information be given of the status of the negro and request congress to invest him with power to appoint a commission with full authority to make the necessary inquiry into this matter, and that one-third of the membership of said commission be colored men.

## Railroad Receiver Appointed.

ST. PAUL, Oct. 13.—Judge Sanborn of the United States circuit court has appointed William F. Finch receiver for the Duluth and Winnipeg railway. The receivership also includes the North Star Construction company, which built the road. Bonds were held by the Guaranty Trust and Safe Deposit company of Philadelphia to the amount of \$2,000,000, and that company applied for the receiver. Further issue of bonds is also enjoined.

## Candles and Powder Mix.

TACOMA, Oct. 13.—The steamer Chilat has arrived from Alaska, bringing news of the explosion of a big dynamite magazine at Taku, 40 miles from Juneau, on Sept. 28. Manager James Avery sustained a dangerous cut on the head, and great rocks were thrown in the midst of the workmen, but none of them were injured. Thawing out powder with

## The Old Friend

And the best friend that never fails you is Simmons Liver Regulator, (the Red Z)—that's what you hear at the mention of this excellent Liver medicine, and people should not be persuaded that anything else will do.

It is the King of Liver Medicines; is better than quinine, and takes the place of Quinine and Calomel. It acts directly on the Liver, Kidney and Bowels and gives new life to the whole system. This is the medicine you want. Sold by all Druggists in Liquid, or in Powder to be taken dry or made into a tea.

## EXPRESS CAR ROBBED.

A Train Held Up but the Passengers Were Not Disturbed.

RICHMOND, Oct. 13.—The northbound passenger train on the Richmond, Fredericksburg and Potomac railroad, which left here at 7 o'clock last night, was held up near Quantico. The engineer and fireman were forced from their engine and the engine was cut loose and sent ahead.

The express messenger, B. F. Crutchfield, and his helper, H. Murray, barred the doors of the express car, but these were blown open with dynamite. The express car was then entered, the messenger covered with pistols and the safe blown open and robbed. After the robbery the thieves made off with their booty in the direction of the Potomac river, where it is supposed they had a boat in waiting to take them to the Maryland side. None of the robbers entered the passenger coaches.

The operator at Brooks, six miles from Quantico, discovered that the engine was "wild" as it passed his station and telegraphed to Quantico, where a switch was thrown so that it was brought into collision with two loaded freightcars and wrecked. Had the locomotive been permitted to pass Quantico it would have collided with the southbound passenger train.

It is stated here that there was an unusually large amount of money on the train, probably \$50,000. The robbers, seven in number, were masked. The railroad company has offered \$1,000 reward for the arrest of any of the robbers.

## KILLED FROM AMBUSH.

The Assassin Nearly Lynched by a Mob, but Saved by a Sheriff.

CLARKSVILLE, Tex., Oct. 13.—Henry Dykes' barn was fired Thursday night, and as he rushed out of his house to save his property he was shot from ambush and killed. The assassin was recognized by Dykes' son, who had followed his father in the yard. A posse was organized and Andrew Jackson, the accused, captured.

Mrs. Dykes asked the posse to let her kill the assassin if captured. Jackson was taken to her home and she was handed a double-barreled shotgun. She raised the weapon, hesitated, and, lowering the gun, asked that the law be allowed to take its course. The posse started for the jail with the prisoner but was overtaken by a mob. A rope was passed around the prisoner's neck and, while the mob were in the act of hanging him, the sheriff and his deputies dashed up and wrenched the prisoner from the lynchers.

## CLIMB FOR LIFE.

Four Men Scramble to Safety Up 150 Feet of Rope.

MASSILLION, O., Oct. 13.—Four painters had a thrilling escape from death yesterday while coating the inside of the waterworks standpipe with tar. The pipe is 150 feet high, and the workmen stood upon a raft that was lowered by the escape of the water from below.

The only communication with the top was by means of a rope. When down 30 feet a pail of tar was upset upon the fire by which it is heated, and the flaming liquid spread itself over the raft and the surface of the water, sending forth a choking vapor. The four men made a climb for life, going up the rope hand over hand, and reaching the top faint and exhausted. Everything they left below was burned.

## An Ocean Vessel Overdue.

BALTIMORE, Oct. 13.—The North German Lloyd steamer Braunschweig, which sailed from Bremen on Sept. 27, should have arrived at her pier at Locust Point on Tuesday. The local agents have heard nothing of the steamer since she sailed from the other side. On board the Braunschweig are 124 steerage passengers bound for points in the west. She is an old vessel and not very fast and may have been delayed by the recent heavy weather at sea.

## Candles and Powder Mix.

TACOMA, Oct. 13.—The steamer Chilat has arrived from Alaska, bringing news of the explosion of a big dynamite magazine at Taku, 40 miles from Juneau, on Sept. 28. Manager James Avery sustained a dangerous cut on the head, and great rocks were thrown in the midst of the workmen, but none of them were injured. Thawing out powder with

# D. HUNT & SON.

## CHASING THE WALRUS.

How He Is Harpooned and Then Finished With Cold Lead.

Arnold Pike tells of a walrus hunt in Bird bay, to the north of Spitzbergen. The bay was full of fast ice, but eastward the sea was fairly open, and the hunter was rowing slowly back to the shore when the harpooner suddenly laid aside his glass and headed the boat for a black mass which the mirage magnified into the size of a small house, but which was really a walrus.

"The walrus raises his head, and we are motionless," says Mr. Pike. "It is intensely still, and the scraping of a piece of ice along the boat seems like the roar of a railway train passing overhead on some bridge. Down goes the head, and we glide forward again. The walrus is uneasy. Again and again he raises his head and looks around with a quick motion, but we have the sun right at our back, and he never notices us.

LEWISBURG LEADS.

The Democrats of That Precinct Organize a Big Club—Good Meeting at Washington.

The Democratic meeting at Lewisburg last night was one of the largest and most enthusiastic yet held in the county.

The rain didn't keep the people away. The hall was crowded, many ladies being present. Mr. Ed. Tugge called the meeting to order, and presided until the club was organized. 'Squire I. L. McIlvain was elected President and Mr. Neal Gaither Secretary. Judge Cassidy, of Flemingsburg, was the first speaker. He talked for an hour and was followed by Mr. A. O. Stanley, also of Fleming, who for two hours charmed and delighted the audience with his eloquence. Judge Phister closed with a speech of three quarters of an hour. The interest never flagged, and the speakers were cheered and applauded time and again. The club starts out with seventy-two members. They are determined to make Lewisburg the banner precinct at the approaching election. At the close of the meeting, the speakers and Hon. R. K. Hart, County Assessor Everett and Mr. C. L. Sallee were invited to the hospitable home of Mr. George Killpatrick, where a sumptuous lunch was served.

Hon. Thomas H. Paynter, Judge Garrett S. Wall and Mr. Frank P. O'Donnell spoke to the Democrats at Washington last night. In introducing the speakers Mr. George R. Gill paid a very handsome and well-merited compliment to Congressman Paynter, saying, among other things, that "if he made as good a Judge of the Court of Appeals as he had a Congressman, he would not only add to his well earned reputation, but shed additional lustre upon a bench of whose past history all Kentuckians were justly proud."

Considering the state of the weather and the difficulty experienced in getting a hall the audience was a fair one.

Before adjourning a Democratic club was organized and thirty members enrolled. 'Squire A. F. Wood was elected President, and Mr. Virgil McKnight Secretary. The club will go actively to work and other meetings will be held.

As announced yesterday meetings will be held at Fern Leaf and Murphysville this afternoon at 3 o'clock.

Meetings will be held to-night at Mayslick and Moransburg. Judge Paynter, Judge Cole, Judge Phister, Hon. R. K. Hart and Mr. Frank P. O'Donnell are expected to speak at Mayslick, and Mr. John L. Whitaker and Mr. John L. Chamberlain at Moransburg.

The following additional meetings are announced for next week:

Limestone School House, Monday night, October 15th—A. O. Stanley, F. P. O'Donnell and Judge T. R. Phister.

Plumville, Tuesday night, October 16th—C. D. Newell and F. P. O'Donnell.

Minerva, Tuesday night, October 16th—A. O. Stanley and Judge T. R. Phister.

Oranburg, Wednesday night, October 17th—A. O. Stanley and John L. Chamberlain.

Key's School House, Wednesday night, October 17th—Judge T. R. Phister and F. P. O'Donnell.

Tuckahoe School House, Wednesday night, October 17th—James H. Sallee and Thomas D. Slattery.

PYTHIAN KNIGHTS.

Limestone Lodge's Degree Team Does Fine Work—Visitors From Mt. Olivet and Aberdeen.

Limestone Lodge No. 36, K. of P., conferred the Knight rank on three Esquires last evening, and never have the mysteries of the rank been better and more finely exemplified. The new Degree Team did the work, and many were the compliments they received, especially from the visitors from Mt. Olivet and Aberdeen.

The following Knights were present from Aberdeen: Messrs. John Purdon, Sr., George Schiltz, W. A. Rist, John Purdon, Jr., Jacob Bradford, Miles Helms, Tom Sutton, Marshall Campbell, Cal Groninger and Wm. Smith.

Mr. Olivet sent the following delegation: J. E. Wells, E. Meadows, Hugh S. Young, D. M. Reveal, A. S. Rice, J. T. Newman, W. T. Kenton, J. S. McDowell, L. Penne and Ormes Wells.

It was 10 o'clock before the work was finished and then the visitors were escorted to Eitel's restaurant where the inner man was regaled with a delicious lunch of oysters.

SIXTY THOUSAND DOLLARS.

That's the Amount of the Loss by the Big Fire at Park's Hill Friday Morning.

Brief mention was made yesterday of the destruction by fire of the big saw mill and lumber yards at Park's Hill at an early hour Friday morning.

The property belonged to the Washington Mining and Manufacturing Company, composed mainly of Eastern parties. The loss is placed at \$60,000.

The fire originated in the mill, but it is not known just how it started. In addition to the mill and lumber, three residences were also destroyed.

The fire started between two and three o'clock and made a big blaze. Parties at Mt. Olivet saw the light, and thought the fire was at Carlisle or Millersburg.

It has not been learned whether the company carried any insurance or not.

THE State Librarian, Mrs. Day, has just turned into the State Treasury \$2,000, representing her recent sales to outside parties of the legislative acts and court reports.

OAKLAND BARON won the two-year-old race at the Lexington trotting Thursday. The purse was \$2,000. Professor Milam is again receiving the congratulations of his friends.

E. B. CAKE, Pastor.

ANOTHER fine show has been added to the superb list of attractions to be seen by the patrons of the Washington Opera House. It is the great London and New York success, "Our Uncle Dudley," known in the above named cities as "Charlie's Uncle." Manager Kinnean has secured this organization after repeated negotiations and assures us it will be one of the theatrical events of the season. It will be here next Wednesday evening, October 17th. No advance will be made in prices.

MR. J. W. ASBURY will lead the men's gospel meeting to-morrow afternoon at 3 o'clock in the Y. M. C. A. hall. Our leaders are always young men who deal with the practical, common sense things of daily life, so that an hour spent this way once week outlines, plans and instructs how to enjoy life. There are no set rules of worship, no puritanical laws but a code of practice which is the epitome of the decalogue, golden rule and human ethics. The hour has been changed to 3 p. m. Room open all afternoon and an enjoyable, clean class of reading matter is upon the library shelves.

Ephworth Leaguers Pleasantly Entertained.

One of the most pleasant events of the year was enjoyed last evening at the home of Chief of Police Ort on West Second street. The occasion was the monthly social meeting of the Ephworth League of the M. E. Church, under the Fourth Department.

Miss Bertha Ort and her kind mother could not have done anything more toward making the gathering a success, for from the first to the close the best of attention and hospitality was shown. There were about fifty present, and no doubt but that the number would have been much larger if the evening had been favorable.

At 10 o'clock a light lunch was served, and then all joined in singing two or three hymns and after a short prayer the B. L. and O. social adjourned.

Commissioner Lochren Makes His Annual Report.

### ABSTRACT OF THE DOCUMENT.

The Number of Pensioners Upon the Rolls of June 30, 1894, Was 969,544—The Number of Pension Certificates Issued During the Year Was 80,213, and 132,873 Claims Rejected.

WASHINGTON, Oct. 13.—The report of Commissioner of Pensions Lochren for the fiscal year ending June 30, 1894, has been submitted to the secretary of the interior and the following abstract has been given out for publication:

The report states that the number of pensioners on the rolls June 30, 1893, was 966,012; that during the year 39,085 new pensioners were added to the rolls, 37,951 were dropped for death and other causes, and 2,398 previously dropped were restored to the rolls. The number of pensioners upon the rolls of June 30, 1894, was 969,544. The number of pension certificates issued during the year was 80,213, and 132,873 claims of all classes were rejected.

On July 1, 1894, there were undisposed of and in different stages of preparation and advancement claims for pensions and for increase to the amount of 619,027 of which 287,209 claims, originals, widows and dependents, are on behalf of persons not already on the rolls. These claims, save some recently filed, have been examined more than once and found lacking in essential evidence. They are the same cases that have come down through the past years.

The fact is referred to that under the earlier laws, the allowances decreased from 50,177 in 1873 to 9,977 10 years later. The arrears act brought in a large number of new claims, increasing the allowance and the disability act of June 27, 1890, caused 863,797 claims to be filed the next year. As most of these were meritorious and simple as to proof under that law and under order 164, which went beyond the law and rated disabilities as if of service origin, the work was easy, and an expert examiner could glance over the papers and allow 50 or more in a day. Most of the force of special examiners were called in and put at this work.

Difficult cases and such as were lacking in proof, or suspicious in respect to merit or requiring special examination, were passed over and now constitute a large part of the cases coming up for adjudication. New claims of all kinds have fallen off from 363,799 in 1891 to 40,148 in 1894, the fact being that original claims for pensions under existing laws are substantially all in, and the bulk of new claims are for increase or for widows and dependents. The old cases on which the most of the work is expended are, as stated, difficult cases in which proof is defective or lacking, requiring careful consideration and repeated examinations as any new piece of evidence is filed, or as often as the condition and status of the case is furnished to the claimant or his attorney, or to a member of congress. The answers to congressional calls alone exceeded 95,000 within the year. Nearly as careful an examination was required in each of these cases as would have been necessary to adjudicate the case if the evidence were complete.

With the class of work on hand the utmost diligence on the part of the office force could not produce a large output of certificates.

The amount paid for pensions during the year was \$139,804,461, leaving a balance in the treasury of \$25,205,713 of the appropriation.

Much dishonesty and fraud, mainly attributable to unscrupulous claim agents, was uncovered, and there were 194 convictions in the United States courts within the year for pension frauds, perjuries and forgeries.

### SUGAR BOUNTY REPEAL.

Judge McComas Rules Against the Application of the Miles Company.

WASHINGTON, Oct. 13.—Judge McComas of the district supreme court denied the application of the Miles Sugar Manufacturing company of Louisiana for a mandamus to compel Secretary Carlisle to appoint inspectors to ascertain the sugar production of the company.

The object of the suit, it is understood, was to test the legality of the recent repeal of the sugar bounty provision of the McKinley law and also to lay the foundation for an appeal to congress for payment of bounty for the current year.

Judge McComas says: "The secretary of the treasury concluded that the sugar-bounty-repeal paragraph of the tariff act of 1894 is a repeal of the act of Oct. 1, 1890, requiring the supervision and inspection of the production of sugar. This clause is not expressly repealed. It is, however, incidental and intermediate to the issuing of licenses to producers and the payment of bounties to them. These are expressly repealed and the issuing of licenses and payment of bounties is declared unlawful. The repeal of the clause for inspection and supervision, a useless fragment of the statute, is therefore fairly implied."

The court refuses to interfere with the decision of the treasurer, and suggests that the only relief for sugar producers holding unexpired licenses is by appeal to congress, presumably for financial recompense. The petition for a mandamus is therefore refused.

KEARNEY, Neb., Oct. 13.—The Buffalo County National bank has closed its doors. The closing was caused by a \$19,000 judgment against the Sand's clothing house, in which the bank was interested, and a couple of directors demanding their deposits. Sand's clothing house was closed at the same time, but no other business has been affected so far as known. The assets and liabilities are not known. Following so closely on the failure of the First National Thursday, the closing of the bank has caused great uneasiness.

### ESCAPED WITH THEIR PLUNDER

The Men That Held Up the Southern Pacific Train Secured \$50,000.

SAN FRANCISCO, Oct. 13.—The bandits who held up a Southern Pacific overland train a few miles west of Sacramento late Thursday night and looted the Wells-Fargo Company express car and secured over \$50,000 seem to have eluded the officers and escaped with their plunder, which was nearly all in gold coin, and consequently a heavy burden. Beyond the mere supposition that the bandits are railway men who have been in the employ of the Southern Pacific, and the supposition is based only on their apparent familiarity with railway methods and their ability to successfully handle a locomotive, the pursuing officials have very little to work upon.

The astounding success of the holdup was not known until yesterday afternoon. Early reports of the robbery gave the amount of money taken as \$1,500. The Southern Pacific has issued a circular offering a reward of \$10,000 for the arrest of the two robbers and the recovery of the plunder. In this circular it is stated the bandits plundered the express car of over \$50,000 in gold.

The detectives are as yet without a clew as to the identity of the robbers and it is not even known in what direction the band have fled. Thursday two strangers registered at the Western hotel and were given a room in which they left overcoats and overalls. They did not sleep in the room, but in the morning returned and claimed their property. They are said to answer the description of the robbers.

### STRIKE INVESTIGATION.

A Report to Be Made to the President by the Middle of November.

WASHINGTON, Oct. 13.—Colonel Carroll D. Wright, commissioner of labor and acting superintendent of the census, has returned from Chicago. The report of the strike investigating committee, of which he is chairman, will be presented to the president the middle of November. Copies of the evidence taken during the investigation are in the hands of each of the three commissioners for their consideration. Messrs. Wright, Worthington and Kernan will meet within two or three weeks to compare notes taken as a result of their consideration of the evidence and will then complete their report.

### Grandpa Poisoned Himself.

KOKOMO, Ind., Oct. 13.—Robert Marquis, 71 years of age and a helpless paralytic, asked his little grandson last night to hand him a saucer which the child supposed contained tea, but which in reality contained arsenic. The child placed the vessel to the lips of his grandpa, who was a moment later in the throes of death. He had caused the drug to be prepared, pretending that he wanted it as a deodorizer, but with the fixed purpose of committing suicide. He was one of the largest land owners in this part of the country.

### Two Men Killed and One Fatally Injured.

HARRISBURG, Oct. 13.—Two men were killed and one fatally injured at the Pennsylvania steel works at Steelton yesterday. A plate of steel 60 feet long fell while being hoisted and struck Harry C. Brickell, killing him instantly. At noon a top-explosion of gas occurred at No. 1 blast furnace, clogging. Joseph Petril was burned to a crisp and Herman Ernb so badly injured that he will die.

### FAMILY OF FIREBUGS.

One of the Suspects Set Fire to Her Own House.

MASILLON, O., Oct. 13.—The four members of Christian Reimer's family, at Dalton, were bound over to the grand jury in the sum of \$50 each. This they could not procure, and in the absence of jail accommodations, were sent home and a strong guard established. The defendants denied absolutely having set fire to the town, and there was no direct evidence against them.

A short time afterward Rosa, the schoolteacher, attempted to burn the very house occupied by the family. The fire was extinguished and the kitchen found to be saturated with oil.

Old man Reimer on the stand denied his former confession that his wife started the fire. Rosa offered to plead guilty to save the family.

### Lighthouse Wrecked.

WASHINGTON, Oct. 13.—A telegram to the lighthouse board states that the lighthouse at Cape San Blas, on the Florida coast, was wrecked during the last storm. Two dwelling houses used by the keepers were blown down and the tower was still standing, but was being rapidly undermined. The lighthouse is a brown iron structure, 98 feet high, of the third class, showing an alternating red and white light.

### Explosion of a Dynamite Magazine.

TACOMA, Oct. 13.—The steamer Chilcat has arrived from Alaska bringing news of the explosion of big dynamite magazine at Taku, 40 miles from Juneau, on Sept. 28. Manager James Avery sustained a dangerous cut on the hand, and great rocks were thrown in the midst of the workmen, but none of them were injured. Thawing out powder with candles caused the explosion.

### Trotting Record Broken.

WARREN, O., Oct. 13.—The Warren track now holds the world's trotting record over a half mile track. Willis Laird yesterday afternoon drove the 5-year-old bay mare Magnolia, by Howpath, an exhibition mile in 2:11 3/4, thus beating Kitty Bayard's record of 2:14 1/4.

### Two Centenarians.

CADIZ, O., Oct. 13.—Mrs. Michael Hoobler of near here celebrated her 100th birthday anniversary this week, and Mrs. Jonathan Kinneel, a near neighbor, died the same day, aged 100 years and 5 months.

### Bookkeeper's Shortage.

MIDDLETOWN, O., Oct. 13.—The expert accountant, J. Ancker, has completed the investigation of the books of the Sabin-Robins Paper company, and the shortage of W. H. Thompson, the bookkeeper, is \$2,400.
